HOW TO QUALIFY

QUALIFICATION PERIOD: JANUARY-JUNE 2019

- If you have been a Director within the last 6 months of 2018, then you must be a qualified Director in 3 of the 6 months, and one of those months must be June.
- If you have NOT been a Director within the last 6 months of 2018, you must achieve the rank of Director sometime within the 6 months - and you must be a director in the month of June. (For example: Achieve Director in March - and you need to be a director also in June. Or achieve director for the first time in June.)
