Green2O: The Future Of Hydration

Benefits:

- Delicious hydration
- Natural detoxifier
- Supports healthy digestion
- Alkaline pH-balanced
- Natural fulvic minerals
- Powerful antioxidant
- Electrolytes for recovery
- Heart-healthy resveratrol and proanthocyanidins
- Natural energy booster

Green2o® is the future of hydration. Add it to your water and drink it all day long for a refreshing and hydrating rush of green water. Green2o floods your body with fulvic minerals, grape seed extract, resveratrol and chlorophyllins, supporting you throughout your busy and stressful day. Green2o is not a juice; it contains no caffeine, sugar, or stimulants. This is pure water amplified with green goodness for health on the go for all ages. It comes in two flavors: natural lemon and spearmint. Both are delicious and enjoyed by children and adults alike.

Green2o is a natural detoxifier, it is alkaline pH-balanced. Green2o is rich with chlorophyllins which come from the leaves of plants.

Green2o is a great source of important electrolytes, to replenish your body after strenuous exercise or daily stress. Green2o provides you with vital trace minerals that your body needs to stay working at its prime. Minerals are required for most everyday functions in the body, including enzyme and hormone production, muscle and bone development, healthy skin and the production of energy.

Green2o also contains grape seed extract a powerful antioxidant. Grape seed extract strengthens and protects living tissue. Grape seed extract is rich in proanthocyanidins. Its antioxidant power is 50 times stronger than Vitamin E and 20 times stronger than Vitamin C. Grape seed extract may strengthen blood vessels, improve skin, aid in circulation, and increase endurance.

Resveratrol is an antioxidant found in grape skins. It has been shown to help protecting the endothelial lining of your arteries and support the reduction of oxidative stress, which helps prevent premature aging of cells. Green2o is preservative free, and sweetened with stevia, a natural sweetener derived from plants. The natural lemon and mint flavors come from pure essential oils from lemon and mint.

Green2o is what everybody needs. Green2o Benefits •Delicious hydration • Natural detoxifier • Supports healthy digestion • Alkaline pH-balanced • Natural fulvic minerals • Powerful antioxidant • Electrolytes for recovery • Heart-healthy resveratrol and proanthocyanidins • Natural energy booster
