

# The Smart Choice For Your Family

Why settle for an ordinary multiple vitamin, when the smart choice is LIV Smart? Daily supplementation with the natural nootropics and vitamins found in LIV Smart is a key to maximizing the mental and physical performance of your entire family.

## THE SMART CHOICE FOR STUDENTS

Ingredients in LIV Smart reported to improve IQ scores in 10 to 13 year olds of average intelligence during a 9 month period of use. In 1996, Scientists from India's Central Drug Research Institute reported that this same ingredient reduces the time to learn a specific task from ten days to six days (a 40% reduction in time). Another study reported that when the ingredient was given to a group of children, the children improved their speed and accuracy on maze problems. That's just from one of the ingredients in LIV's formula.

## THE SMART CHOICE FOR ADULTS

Our ability to learn begins to decline in our early 20's. We exercise, diet and take care of our bodies, but what about our most important resource, our brain? Studies performed over the years on thousands of people confirm the benefits of the ingredients in LIV Smart's unique formula.

## THE SMART CHOICE FOR SENIORS

Key ingredients in LIV Smart have been used for years to help battle cognitive decline. Studies also support the use for eyes and hearing, and the circulatory system.

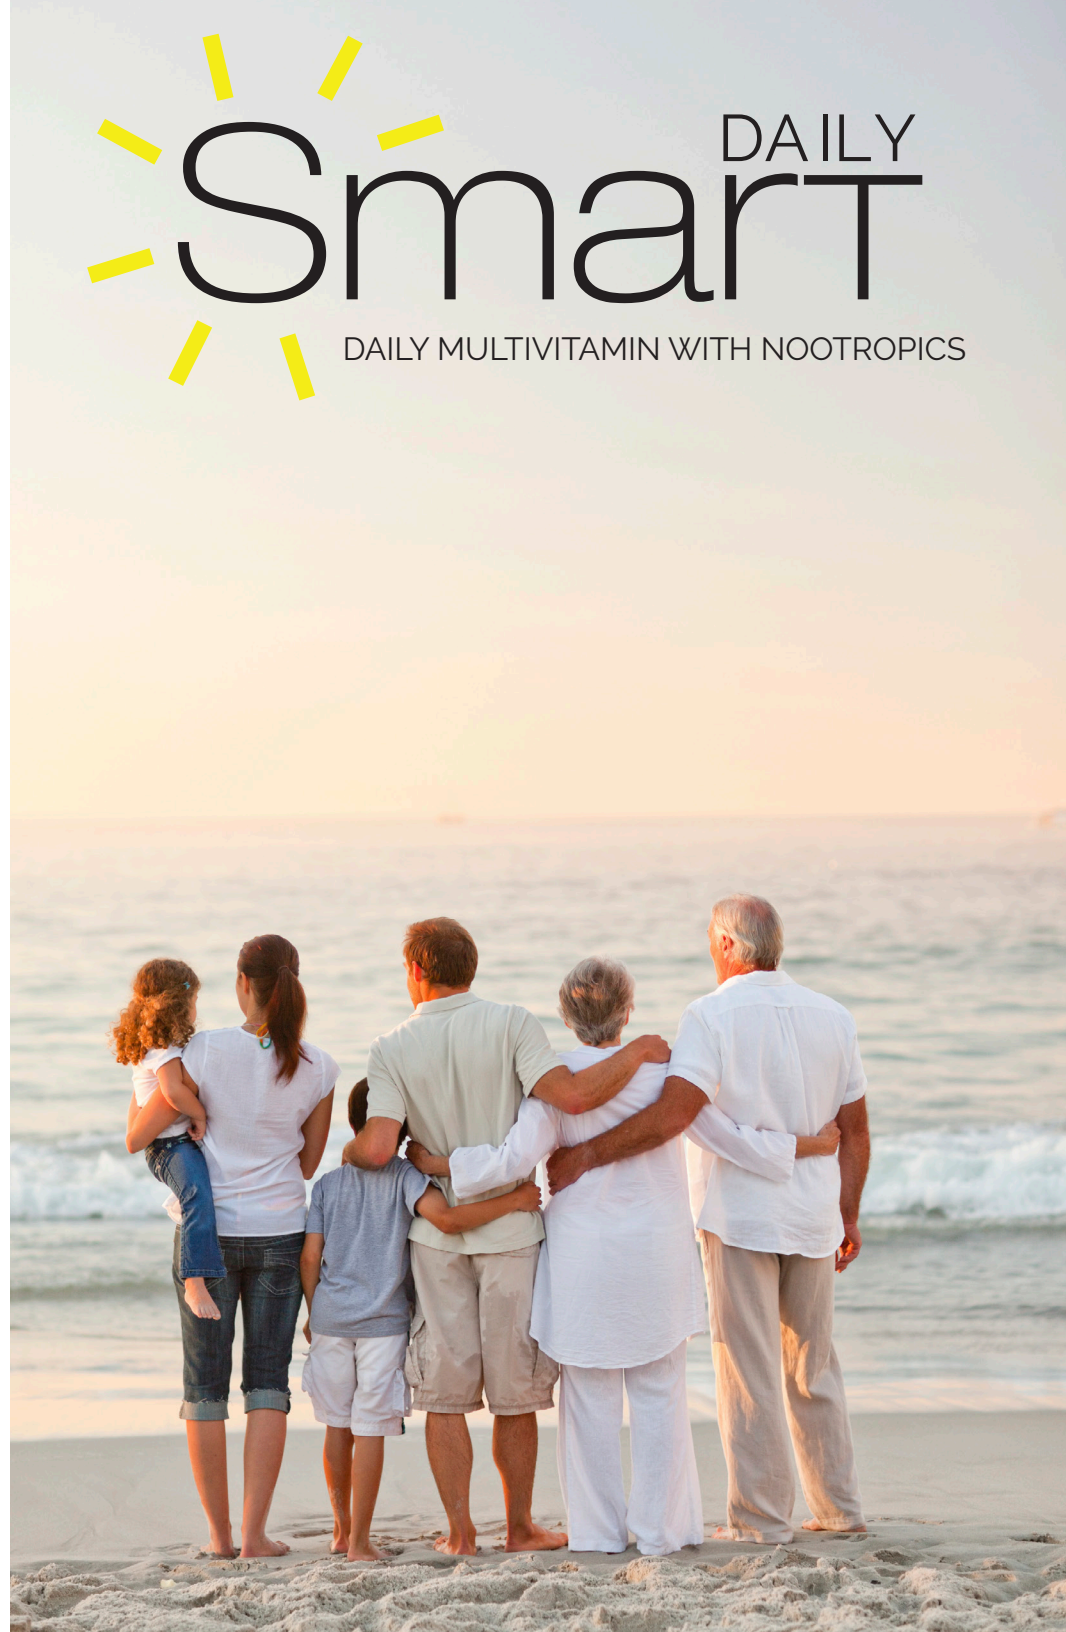

## THE SMART INGREDIENTS

Packed with powerful antioxidants, increased levels of key B vitamins, Vitamin D, and scientifically supported natural nootropics including bacopa, pterostilbene and huperzine, LIV Smart contains key ingredients to support healthy mental, circulatory, nervous and skeletal systems. Maximize your performance at home, in the classroom or on the job.

# Smart<sup>DAILY</sup>

DAILY MULTIVITAMIN WITH NOOTROPICS

## Your Family's Daily Multi-Vitamin

It's time to invest in your brain and LIV smart. LIV Smart contains nootropics which are nutrients that feed the brain, help with memory, mental acuity and learning skills. The ingredients in LIV Smart are scientifically shown to help support and nourish healthy brain functions. LIV Smart provides 100% of the daily requirements for vitamins with increased levels of key vitamins such as vitamin D and B complex.
